

Hydraquip Announces New Branch Manager

Tulsa, OK – August 2015 – Hydraquip, Inc. is pleased to announce that Dalton Hamilton has been promoted to Branch Manager. Moving forward, Dalton will be responsible for sales and operations of Hydraquip in Tulsa, Oklahoma.

“He isn’t afraid to get his hands dirty and is familiar with all aspects of our operations. I am looking forward to the growth we will see after Dalton takes on this role,” states Gordon Shellhaas, Executive Vice President of Hydraquip, Inc.

Dalton takes pride in becoming more involved with the youth of the company. “His open door policy creates a positive work environment for us that are new on the sales team,” states George Tietz, Account Manager.

Dalton headed straight to Hydraquip after college and never looked back. As an Oklahoma native, he graduated from Oklahoma State University with a Bachelor of Science in Biomechanical Engineering with a senior year specialty study in Bio Fuel in 2012. Dalton is also a Certified Fluid Power Hydraulic Specialist.

“Everyone here wears many hats which makes for a positive work atmosphere and that’s what makes me so excited to lead this team,” said Dalton.

Hydraquip, Inc. is a subsidiary of Employee Owned Holdings, Inc., headquartered in Houston, Texas, and is a 100% employee owned company. For other information about EOHI and our family of employee owned companies, please visit eoh-inc.com.
