

EMPOWERING TRUST. INNOVATIVE RESULTS.

HYDRAULIC • PNEUMATIC • ELECTRICAL

Manufacturers Represented

ACCUMULATORS, INC.

Bladder and piston accumulators rated to 6,000 psi, gas bottles, transfer barriers and accumulator accessories. Offering special certifications and have type approvals (DNV, ABS, etc).

ACE CONTROLS

Mechanical controls for end-of-travel deceleration, resistance through stroke and vibration management. Industrial shock absorbers, industrial gas springs for counterbalance rotary damper & hydraulic feed control.

ANCHOR FLUID POWER

SAE hydraulic flange fittings meeting or exceeding ISO 6162 / SAE J518; Static face seals, in-line valves (check valves, ball valves, etc).

BALDOR

Energy efficient electric motors; variable speed drives; Generators

BEHRINGER CORPORATION

Pipe, hose and tubing clamps to 30" diameter; High pressure ball valves from 1/4" to 2" rated to 6,000 psi.

BUCHER / MONARCH

AC/DC hydraulic power units; ergonomic height adjusted systems for industrial workstations, high-flow cartridge valves

CARDEV INTERNATIONAL

Filters designed to remove water & particulate in a subsea environment and is suitable for use on ROV's and other marine applications.

COMATROL (Member of the Danfoss Group)

Full line of hydraulics cartridge valves & custom HIC manifolds.

DAMAN

Standard & custom hydraulic valve manifolds, cover plates, valve adapters and subplates. Standard & custom hand pumps.

DANFOSS INDUSTRIAL AUTOMATION

Solenoid, thermostatic & piloted valves, pressure transducers, temperature sensors, pressure & temperature switches.

DANFOSS POWER SOLUTIONS

Hydrostatic medium & heavy duty transmissions; Fixed & variable displacement motors; electrohydraulic valves & pump controls; electronic joysticks. Mobile proportional valves; gear pumps & motors; low speed high torque motors; hydraulic steering.

D.M.I.C.

Reservoir accessories; SAE port flanges; Gauges & high pressure ball valves, high & low pressure ball valves in various materials & custom valves including fire-safe & subsea valves.

DURST

Engine and front mount pump drives; Single, multiple, and direct drive to 950 horsepower

EATON (HYDROKRAFT)

Piston, vane pumps and motors; Directional, proportional, servo, pressure and flow control valves.

EATON (INTEGRATED HYDRAULICS)

Comprehensive range Screw in Cartridge, Industrial & Mobile valves for both stationary and on/off highway hydraulic equipment.

EATON (VICKERS)

Variable and fixed displacement piston pumps and motors rated to 6,000 psi with sizes up to 750 cc., cylinders, valves, reservoir accessories, accumulators, and turn-key power units

ENERTROLS

Sets the standard for environmentally demanding industrial motion control applications. We are your premier source, for shock absorbers, dampers and gas springs.

EMERSON (Damcos A/S)

Rotary & linear hydraulic actuators, controls, ballast and tank management systems.

EMMEGI HEAT EXCHANGERS

Air-to-oil heat exchangers, designed for cooling hydraulic oil & other fluids that have to function in harsh conditions.

GEARTEK

Internal gear pumps, motors, displacements to 18.91 cu. in. press to 4000 psi, single and multi-section configurations.

GRACO

Automatic Lubrication pumps and manifolds

HAYDEN

Standard and ASME coded air-to-oil; Shell and tube heat exchangers.

HETRONIC

Radio operated remote controllers; Push button or joystick control for on/off and proportional control.

HUMPHREY

Pneumatic linear actuator and valves. Standard & custom pneumatic components including air-piloted, vacuum-piloted, manual and mechanical solenoid valves, air actuators and air cylinders

HUSCO

Mobile directional control valves; Single or multi-axis hydraulic remote joysticks.

HYDRAQUIP CUSTOM SYSTEMS, INC.

Turnkey hydraulic, pneumatic, and electrical system design & fabrication for industrial, mobile and offshore applications.

HYDRO GEAR

Hydro-Gear produces an extensive line of high-performance, efficient hydrostatic transmissions & transaxles; gear reduction drives; variable displacement piston pumps & wheel motors; electric drive systems, & infinitely variable transmissions for industrial, commercial, & consumer markets

HYDROTECHNIK

Focused on collection & recording of information on hydraulic systems. The only OEM that provides the mechanical connection at the test point, sensors, data collection devices & analysis.

HYDRO LEDUC

Fixed bent axis motors with disp. from 1.1 to 10.98 cu/in's, cont. speeds to 8000 RPM, cont. pressure to 5800 PSI and a torque range from 73 to 367 ft/lbs., SAE mount.

EMPOWERING TRUST. INNOVATIVE RESULTS.

HYDRAULIC • PNEUMATIC • ELECTRICAL

Manufacturers Represented

KOCSIS TECHNOLOGIES, INC.

Hydraulic starters for dependable engine starting. Piston style accumulators, pressure to 12000 PSI, stainless & aluminum housing options, DNV-ABS-Lloyds & other approvals.

KVASER, INC.

CAN (controller area network) interfaces & Data loggers for all types of desktop computer buses, software drivers.

MAGNALOY

Flexible shaft couplings; Pump-to-motor mounting adapters; JIC & custom reservoirs & accessories; Cover plates, adapters & subplates.

MARATHON MOTORS

Industrial motors in over a thousand configurations, with output ranges from 1/12 to 6,000 HP and variety of enclosures and accessories like blowers, brakes, and encoders.

MARVEL

Replacement filters for a variety of industries, high quality filters for the industrial and mobile industries

MICO, INC.

SAE mount multiple and caliper disc brakes; Brake valves and brake related accessories.

MICROMATIC

Hyd-ro-ac & Rotac rotary actuators that produce up to 5 mil. in. lbs. of torque at 3,000 psi.

MONNIER, INC.

Filters; Regulators; Lubricators, duo & trio-combination; Anodized products and accessories; Precision machined tolerances.

NOSHOK

Pressure gauges; temperature gauges; stainless steel flow control.

OERLIKON-FAIRFIELD MFG.

Planetary wheel; Spindle or shaft final drives; Industrial or mobile gearboxes with over 3,500,000 lb. in torque.

PANOLIN

Environmentally considerate synthetic, bio-degradable, non-toxic hydraulic fluids, gear oils, & NSF certified H1 food grade lubricants for industrial & offshore applications.

PEPPERL+FUCHS

Electrical sensors that include inductive, capacitive, photoelectric, ultrasonic, special applications; Intrinsically safe proximity type sensors.

RAMSEY WINCH

Electric worm gear; Extended shaft; Hydraulic worm gear; winches; SAE-J706 standard ratings for all winches; CE Mark design/safety standards.

RINEER (BOSCH-REXROTH)

Fixed displacement motors two speed from 5 in³ to 250 in³; Starting and stall torques equal to 90-94%; Compact in size with horsepower ratings to 600.

ROSS CONTROLS

Inline and sub-base mounted air valves; filters, regulators, lubricators & mufflers. OSHA compliant safety valves.

ROTARY POWER

Low speed, high torque radial piston hydraulic motors to 1,700 horsepower.

SAINT MACHINERY

Reservoirs and accessories.

SCHROEDER INDUSTRIES

Suction and intank return line hydraulic filters; Pressure filters rated to 6,000 psi; Filter carts, vacuum dehydrators & diagnostic equipment.

SPAN

Liquid filled gauges & temperature compensation. Essential in Sub Sea or ROV deep water applications & also Industrial & OEM applications. NIST certification available.

STAR HYDRAULICS

Hand & foot pumps; Single & two speed with pressures to 15,000 psi; custom cylinders & rams.

SPRAGUE PRODUCTS

(A Curtiss-Wright Flow Products Company)
Air driven pumps for liquids to 33,000 psi;
Gas boosters to 10,000 psi.

TR ENGINEERING

Hand pumps to 20,000 psi.

THERMAL TRANSFER PRODUCTS

Air to oil, shell and tube & brazed plate heat exchangers for industrial & mobile applications.

TUROLLA (Member of the Danfoss Group)

Gear pumps and gear motors to 11.86 CID. Working pressures to 4000 PSI

TUTHILL PUMP COMPANY

Pumps to 200 GPM for lubrication & transfer applications; Magnetic drive pumps to 84 GPM; Test plugs for air conditioning & heat exchanger industry.

VOITH

High performance and extremely quiet internal gear pumps to over 100 GPM.

VON RUDEN

Roll-seal and axial vane hydraulic motors.

WANDFLUH

Digital (on/off) and analog (proportional) valves, low leakage, flows from .005 to 300 GPM, explosion proof and intrinsically safe solenoids, electronic signal amplifiers, corrosion resistant materials.

WILKES & McLEAN

Noise and hydraulic shock suppressors in line sizes from 3/8" to 3"; 3000 psi and 5000 psi models.
