

### HYDRAULIC MANUFACTURERS REPRESENTED

- Power Solutions Premier Partner
- Open circuit pumps & motors
- Closed circuit pumps & motors
- PVG proportional valves
- Cartridge valves and HIC's
- LSHT motors
- Aluminum & cast iron gear pumps & motors
- Digital displacement piston pumps
- Hydraulic steering units
- Power Solutions remanufacturing program

- Planetary wheel, spindle & shaft output final drives
- Mobile & industrial gearboxes with torque to 4,000,000 in.-lbs.
- Custom gearbox solutions

- Advanced modular design (patented) pump drives; gear & bearings self-contained within cast iron split housing
- Functional replacement for Terrell™, Federal™ & all major brands
- Improved durability with Wet (patented) spline design; provides constant oil flow across splines
- Easier field service new design allows complete serviceability without specialty tools

- Directional, proportional, servo, pressure, flow control valves
- Open circuit piston & vane pumps & motors
- Turn-key hydraulic power units
- Screw-in cartridge valves
- NFPA and custom hydraulic cylinders (Hydrokraft) piston pumps & motors rated to 6000 PSI & up to 750cc
- Filter solutions for beverage treatment, process, hydraulics & lubrication

- Internal gear pumps & motors
- Displacements to 18.91 cu. in.; pressures to 4000 PSI
- Single & multi-section configurations
- Custom pump & motor options
- Flow dividers

- Fixed displacement bent axis motors from 10cc to 180cc displacement
- Continuous speed to 8000 RPM
- Continuous pressure to 5800 PSI
- Fixed & variable displacement piston pumps

- High quality, custom welded body cylinders
- Severe duty applications (high pressure, corrosion resistance, cycle speed)
- Fully integrated controls, valves, & position sensing
- Holistic cylinder design approach for the hydraulic system & application requirements
- Cylinder remanufacturing to extend product life
- Other custom products - hydraulic swivels, manifolds, piston type accumulators

- Designs & manufactures products ranging from small cam motors for ground drives, up to large radial piston motors designed to satisfy the most demanding applications
- Bespoke solutions tailored to specific applications
- Offers reduced lead-time options for critical projects
- High quality customer service across all aspects of our business
- Aftersales & service: remanufactured motors

- Hydraulic and lube oil filters
- BestFit® replacement filter elements
- Diesel fuel filtration
- Filter systems & diagnostics
- Process filters & systems

- Precision, repeatable control of pressure & flow
- Screw-in cartridge valve, sandwich, & flange designs
- Explosion proof options - ATEX/CSA/UL available
- Long life, unique functions to simplify & reduce solution costs
- Short delivery times with expedite program
- Swiss crafted quality, operation & reliability

### FLUID CONVEYANCE MANUFACTURERS REPRESENTED

- Carbon & Stainless-Steel Flanges & Weld Couplings
- Suction & Return Connections
- Flow Controls, Needle Valves & Check Valves
- 2- and 3-Way Ball Valves

Stucchi®

- Flat Face Quick Couplers
- Multi-Port Couplers
- Threaded Couplers
- Poppet Interchange, High Pressure & Specialty Couplers

- Eaton Aeroquip Premier Platinum distributor
- Extensive line of hydraulic hose & fittings
- Customized hose & adapter kits
- Hydraulic adapters to include JIC, O-Ring Boss, O-Ring Face Seal, NPT
- Dura-Kote™ plating on carbon steel adapters
- Industrial & thermoplastic hose
- Hydraulic and pneumatic quick-disconnects

Brennan  
Dixon  
Cox Reels

### ELECTRIC MANUFACTURERS REPRESENTED

- Power Solutions Premier Partner
- Vacon®, VLT® & DrivePro® variable frequency drives
- Variable frequency drives
- Explosion proof VFD options

- Electronics available for all major markets
- Integrated, on-board or remote mounting versions
- Works with all Wandfluh & most other Hydraulic product brands
- In house design & manufacturer for seamless integration
- Free PASO configuration software - 'Learn once for all'
- Delivered from stock or within weeks from factory

- Power Solutions Premier Partner
- Electrification of hydraulic drives
- Drivetrain power for vehicles, machines & marine applications
- Electric converters
- Electric motors

#### OTHER BRANDS SUPPORTED

Eaton  
Elite Controls, Inc.  
Kvaser, Inc.  
Marathon Motors

Noshok  
Worldwide Electric Corporation

- Radio operated remote controllers
- Push button or joystick control for on/off & proportional control
- Hazardous areas radio remotes

### PNEUMATIC MANUFACTURERS REPRESENTED

- Pneumatic linear actuators & valves
- Air-piloted valves
- Vacuum-piloted valves
- Manual & mechanical solenoid valves
- Air actuators & cylinders

- Inline & sub-base mounted air valves
- OSHA compliant safety valves.
- Filters, regulators, & lubricators

- Directional valves
- Actuators
- Static electricity removing units
- Vacuum system equipment,
- Environmental/hygiene related products.
