

Flint Hydraulics

WHO WE ARE

Flint Hydraulics, a *Hydraquip, Inc. Company*, specializes in supporting both MRO and OEM customers with reliable, off-the-shelf hydraulic solutions. Our Fluid Power Certified Specialists are experts in sourcing, modifying, and delivering original and replacement hydraulic pumps, motors, and components for heavy mobile and industrial equipment. With an extensive inventory, technical know-how, and same-day or next-day shipping capabilities, we provide rapid, worldwide distribution to keep your operations moving.

HOSE & COUPLINGS

Flint Hydraulics offers a wide range of high-performance hydraulic hoses and couplings, providing fast, reliable solutions for equipment maintenance and repair.

SERVICE & REPAIR

Our in-house team delivers expert hydraulic repair, testing, and remanufacturing services to restore components to like-new condition with minimal downtime.

SYSTEMS INTEGRATOR

With our sister company, Supreme Integrated Technology, Inc., we provide complete fluid power and electromechanical system integration, from concept to commissioning.

FLINT HYDRAULICS PROUDLY SERVES A WIDE RANGE OF INDUSTRIES, INCLUDING:

- | | |
|----------------|----------------|
| ✓ Forestry | ✓ Agriculture |
| ✓ Construction | ✓ Pulp & Paper |
| ✓ Oil & Gas | ✓ Mining |

AUTHORIZED BUILD CENTER

We are an authorized build center for leading brands including Danfoss, Poclain, Staffa by Kawasaki, Permco, and Geartek. Our in-house capabilities allow us to assemble, test, and customize pumps, motors, and valves to meet your exact specifications, ensuring quick turnaround times and factory-quality performance.

NO TAG, NO PROBLEM

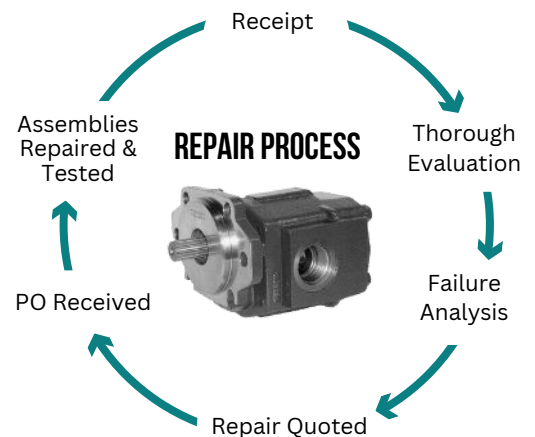

POWER SOLUTIONS

We supply robust hydraulic components tailored for mobile and industrial applications, ensuring dependable performance in demanding environments.

ELECTRIC SYSTEMS

Flint supports the transition to electrification with electric motor and control system expertise, offering integrated solutions for modern motion control needs.
